

PAVING THE ROAD TO YOUR UNIQUE JOURNEY

LEGACY OF LEADERSHIP

So much has happened in the past two years. Businesses have closed, employees have left their jobs or changed careers, and the “future of work” is at the top of every organization’s agenda. Designed exclusively for leaders ready to tackle these challenges and to take their organizations to the next level, INTERPRO’s Legacy of Leadership offers a unique experience.

Participants in the Legacy have accomplished the incredible, and have gone on to launch new enterprises, double the size of their organizations and cut costs by over 30%. For the past 16 years, this process has transformed lives, built companies, and unlocked the very best in leaders all across the country.

Our unique real-life case-study format gives you the deep dive you need to formulate and implement your leadership vision, over a 5-month period supporting you through:

- 16 hours of facilitated group consultation, insight and transformational goal setting
- 4 hours of one-on-one strategy and tactical coaching
- 2 hours of focused group advisory sessions each month for 4 months to accelerate goal achievement

After being selected for a small group cohort, The Legacy begins with a 2-day kickoff meeting where we will lay the groundwork for your next chapter as a leader. As the process unfolds, you will:

- Develop actionable plans to advance sustainable solutions for your most complex challenges
- Define the path to carry your uniquely-crafted action plan forward
- Feel confident that invested advocates and advisors are by your side, every step of the way
- Ensure progress with regularly-scheduled check-ins with your cohort and facilitator

Your most valuable resources are your time and energy. If you are ready to invest those more effectively, and drive toward your leadership vision and purpose with greater confidence, contact us today so we can reserve one of these limited spaces for you.
